This site provides a web-enhanced course on various topics in statistical data analysis, including SPSS and SAS program listings and introductory routines. Topics include questionnaire design and survey sampling, forecasting techniques, computational tools and demonstrations. Fri, 30 Nov 2018 07:04:00 GMT Topics in Statistical Data Analysis: - ubalt.edu - Jeffreys's rule Jeffreys's rule is motivated by the desire that inference should not depend on how a model is parameterized. Example: if instantaneous mortality is  $m$ , then the annual survival rate is  $s=e^{-m}$ .
